At this time, the Company held 17,668,525 treasury shares, from which it has no rights pursuant to § 71b German Stock Corporation Act. As the number of shares entitled to dividends will change by the date of the Annual General Meeting due to the ongoing share buyback program, a resolution proposal that is amended accordingly will be put to the vote at the Annual General Meeting. This resolution proposal will still provide for a dividend of € 1.90 per no-par value share entitled to dividends. The amount of the total dividend payout will be reduced according to the changed number of no-par value shares entitled to dividends. The amount of the profit carried forward will be increased accordingly. The amount to be allocated to retained earnings will remain unchanged.
